President's Message

Upcoming Club Events:

General Meeting
Tuesday, March 15, 7pm

General Meeting
Tuesday, April 12

Hi all!

Great job on all the hard work you've been doing this year! It's almost spring, and we've done so well with everything considering we've been online for the majority of this year. However, on that note, I'm so excited to see you all at our next meeting, which will finally be in person!

We'll be hosting our annual cookie-judging activity, so be sure to bake and bring your favorite cookie recipe to enter! It's so exciting to see you all in person again after so long on Zoom! However, with meeting in person again, we need to remember to be safe as we start gathering again. Remember to practice good hygiene, wash hands frequently, monitor your symptoms and stay home if you feel sick, and wear masks while we're gathering. Our theme will be to wear green, or to

participate in the event, so if you're baking cookies, remember to be especially careful to keep everything clean and hygienic throughout.

I'm sad to have missed the last meeting, but I heard it went well! I really enjoyed hearing about the different projects that were reported and what they've accomplished.

Best,
Leanna Gower

MARCH THEME: Wear Green or Bring Cookies

Newsletter Articles

Every 4-H member is encouraged to write articles for the newsletter. Writing a newsletter article is a great way for youth to get their writing, illustrations, or photos published! Articles do not have to be very long, they can be anywhere from a few sentences to a few paragraphs. Younger members who can't write an article on their own can tell their parents what to write and submit a drawing that goes with the article. Adding pictures and drawings is a great way to make your article more interesting. A newsletter article can be about anything 4-H related. You can write about something you did at the last General Meeting, your last project meeting, or a 4-H event you attended. Once you have written your article you can submit it to sceh4newsletter@googlegroups.com. Make sure to be creative and have fun with your articles! If you have any further questions please feel free to ask.

Double Meeting in May

The night of May 10th we will hold two club meetings back to back. Mark your calendar now. This way we will complete 10 club meetings before the County Fair begins in early June. If you need 80 percent attendance because you plan on showing an animal at the Fair, be sure to attend the May meeting.

Healthy Living Contest

Hi 4-h members! Starting at our March general meeting, we will be holding a contest. Whoever can track the most miles walked or ran from the March to April general meetings will win a prize. Anyone is free to participate. Some ways you can log your miles is by writing down the distance of paper, using a pedometer, or using apps such as apple health, under-armor, or any other fitness tracking apps. I will also be making an announcement during the March general meeting with more details. To submit your miles, you can email me your log. If you have any questions feel free to email me at adeleenthoven@gmail.com.

Healthy Living Officer

Member Reports

STEM Explorations Project:

Exploring Electricity and Testing Brushbots

Drone County Wide Project

Last Saturday was our first meeting where we learned about drone safety. At the next meeting we are going to build our own drone. First we have homework though. We need to fill out the safety test. The app we use tells you if you are able to fly your drone in that area. Did you know that in all of San Carlos you need permission to fly your drone if it's 10-55 pounds? The drone project is all the way at Elkus Ranch, but it's super fun. I can't wait for the next meeting.

-Noah Meeks

Lamb Project

This year we have only three lambs at the farm; Bowie, Ray Charles, and Prince. The lambs are all doing great, Bowie and Prince are both over 100 pounds which is the minimum weight for fair. Every morning the lambs are fed then taken up to the pasture for the day. In the afternoon, we take the lambs down from the pasture and feed, work, clean, and walk them in order to prepare them for the fair. The lambs love raisins and hay as treats and enjoy running around and playing on the farm.

-Alyce Miller-Bowen
